

Trauma-Informed Practice In AISD

Working to Meet the Needs of Children from Hard
Places

How we got started

- TBRI training through TCU
- Collaborating with Community Partners
- Building capacity with like-minded folks in AISD

A Paradigm Shift

Who has received training?

- Every Pre-K 4 teacher
- 22 entire campuses
- 5 District Departments
- Elementary counselors (Overview/follow-up in fall)
- Have trained about 1200 staff so far

Feedback on Training

- 93% of people agreed TBRI training helped them gain a better understanding of how trauma affects childhood development
- 97% think the training would benefit other school professionals and parents
- 82% of people agreed they interact with their students differently as a result of TBRI training

Next Steps...

- Currently test-driving a TBRI TOT for our district
- Training all Pre-K 3 through 2nd grade teachers, elementary principals and assistant principals before the 2017-2018 school year (about 1400 educators) to
- Have applied for two grants to fund training for all AISD staff
- Campus-based follow-up by Multi-Tiered Systems of Support Staff
