Career and Technical Education

DEL VALLE CTE

Mission Statement:

Empowering all students to become successful citizens, workers, and leaders in a 21st century global economy through meaningful education and relevant preparedness for post-secondary education and high-demand, high-wage, high-skilled careers.

Vision:

All DVISD CTE students will graduate college and career ready, equipped with skills and knowledge needed to succeed in post-secondary education, with highly technical work experience and relevant postsecondary credentials.

Career and Technical Education

Career and Technical Education

College Credit

Students in Del Valle CTE Programs of Study have an opportunity, in most cases, to earn 6 - 20 hours in college credits. Several of our pathways offer dual-credit or courses that articulate to a college or university.

A few of our pathways allow students to take courses at a post-secondary institution during the school year as part of a college career academy. One of the Academies (Health Science) is showcased in the video to the right.

We are also working with Austin Community College to help pilot their New Educator Academy with the help of the Grow Your Own Grant.

Career and Technical Education

Practicums

- Auto Tech- Del Valle Transportation
- Auto Tech- Austin Fleet Services
- Health Science- Patient Care Tech at Dell Medical and Community Care
- Austin Community College Academy Certifications
- Dell Tech Certifications
- IT internships with GTS Technology Solutions
- Partnership with Hyatt Lost Pines (Bastrop)- Hospitality and Culinary

***** Grant Funded Career and Education Outreach Specialist**

The specialist is a workforce development liaison for the school district and provides faculty and students with information about the in-demand occupations and industries in the Austin region

Our specialist promotes career awareness with a focus on healthcare, IT and skilled/Trades and advance manufacturing.

Committees we serve on:

- **Healthcare Workforce Alliance of Central Texas**
- **Central Texas Healthcare Partnership- Workforce Solutions**
- **Several Committees with Austin Community College**
- **Career and Technical Association of Texas**

Business/Industry Partnerships

Career and Technical Education

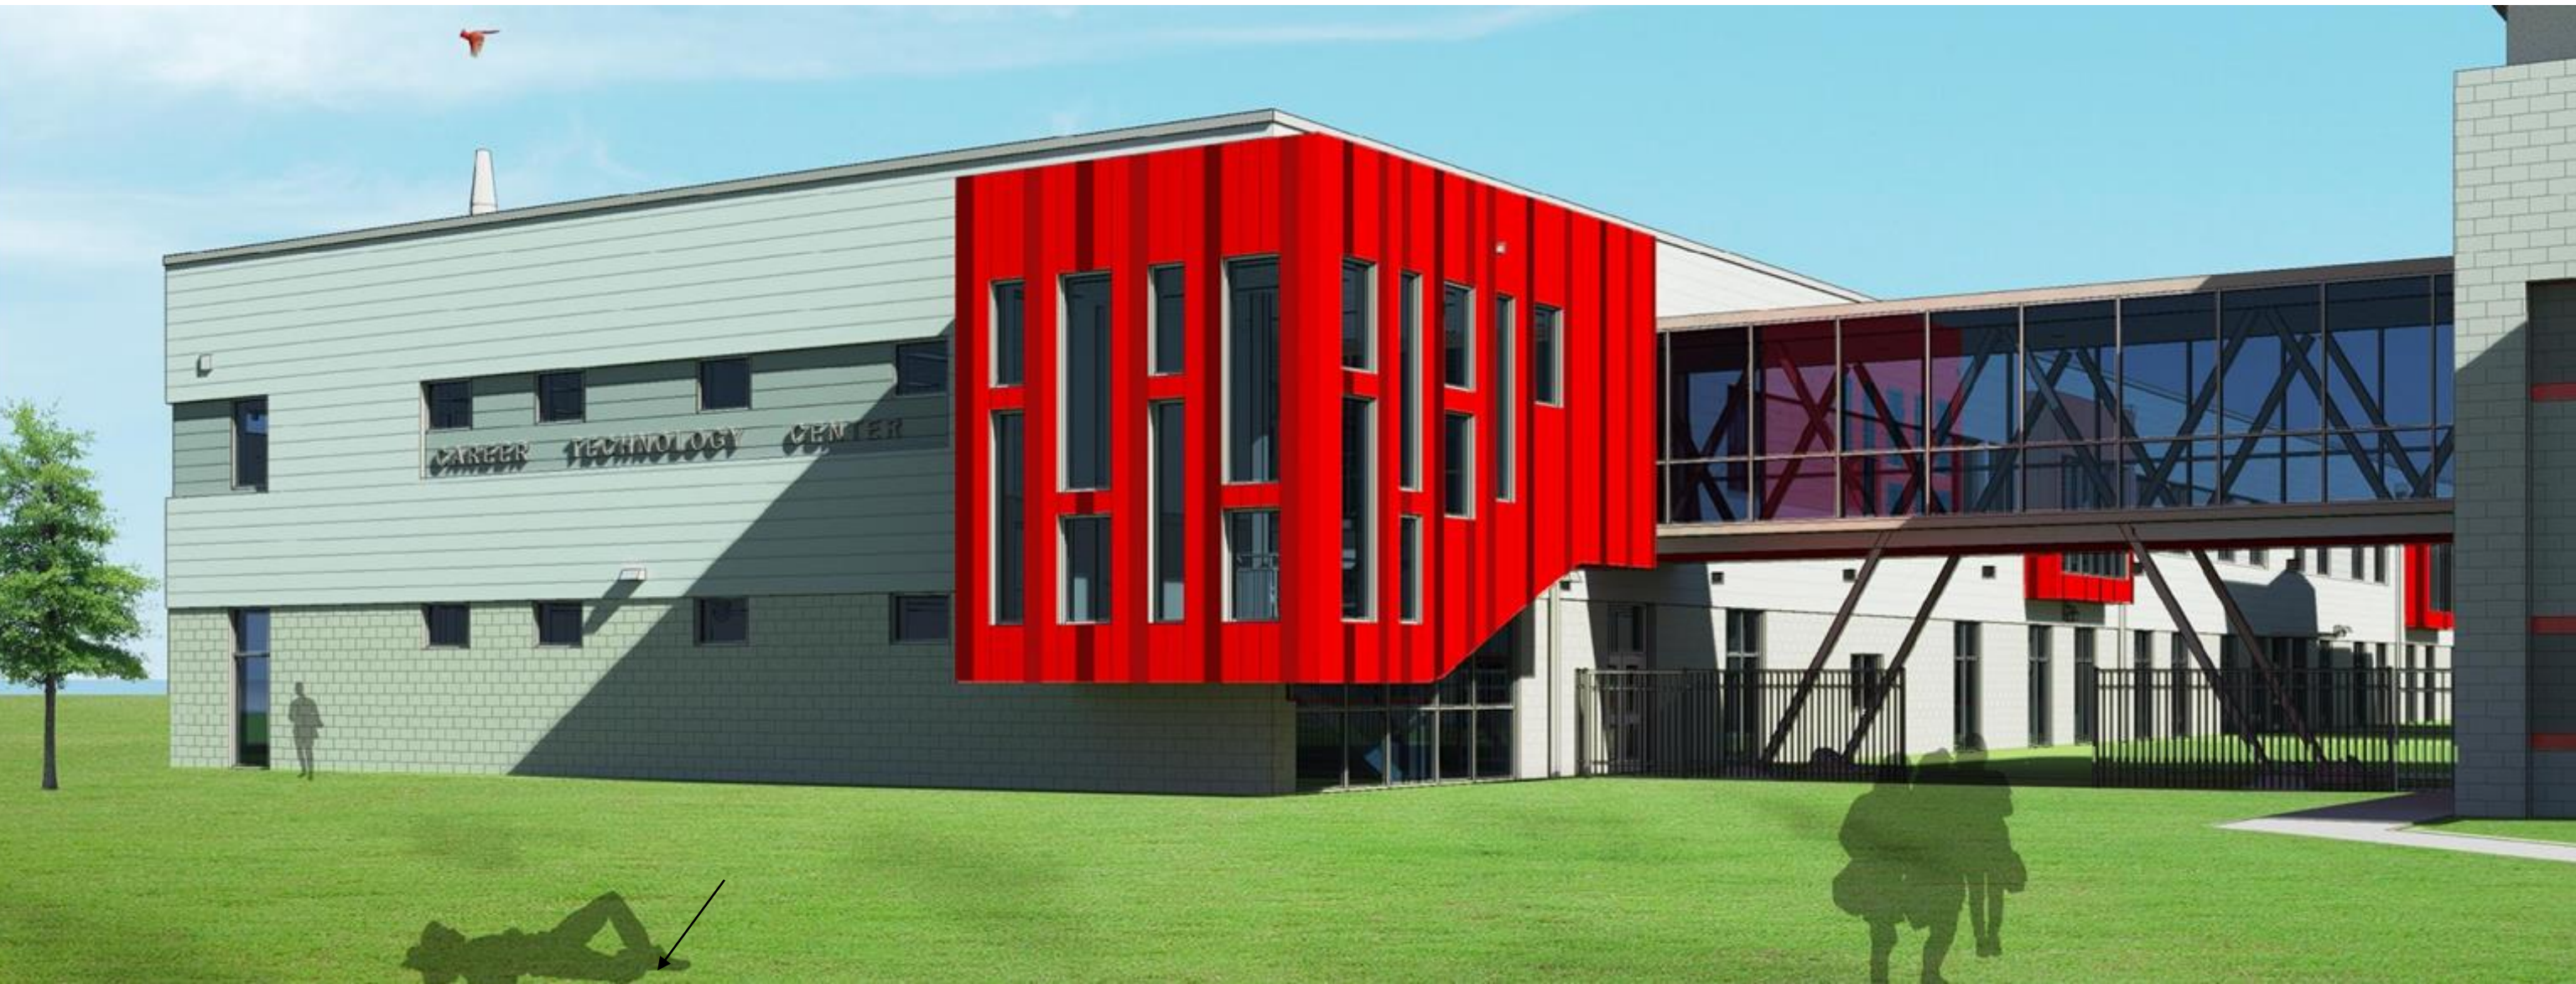

Industry input is essential to building successful programs of study. We work with many business partners to help advise our pathways and..... Business leaders add benefit to our programs with varying levels of participation including:

- Tabling
- Career Fairs
- Targeted classroom visits
- Field Trips
- Resume and Interview workshops
- Mentorships
- Membership on Advisory Committees
- Job Shadowing
- Job Coaching (SPED)
- Interviews
- Internships
- Provide training and materials to DVISD
- Externships for Teachers
- Job Placement
- Scholarships
- DV Educational Partner Affiliation
