

Are you passionate about advancing the wellbeing and equity in your community?

Do you want to inform Austin's policy makers about the needs of the community?

YOU MAY BE A GREAT FIT FOR THE COMMUNITY COUNCIL!

WHAT IS THE COMMUNITY COUNCIL?

The CAN Community Council is one of two Councils that guide the work of the Community Advancement Network. The CAN Community Council is a self-appointed body that reflects the diversity of interests, concerns, organizations, issues and populations of the Central Texas community. The role of the Community Council is to provide a link between the community and the policy makers and elected officials who serve on the CAN Board of Directors. We do this by gathering information and input from community organizations, cross-sector planning, making recommendations to policy makers, and hosting community dialogues.
